U.S. Army Corps of Engineers . . . . .	iii
Water Conference Advisory Committee Members . . . . .	iv
Water Conference Program . . . . .	v
Welcome to the University	
Dr. Donald C. Roush, Acting President	
New Mexico State University . . . . .	1
Session One: The Past 25 Years . . . . .	4
Moderator: Thomas G. Bahr	
New Mexico Water Resources Research Institute	
Water Resources Research - The Early Years	
H. Ralph Stucky, Professor Emeritus	
New Mexico State University . . . . .	7
A Historical Perspective of Water Management	
In New Mexico	
Steve E. Reynolds	
New Mexico State Engineer . . . . .	20
The Importance of Crop Production Functions In	
Evaluating Consumptive Use of Water	
Eldon G. Hanson and Theodore W. Sammis	
Professor Emeritus and Assistant Professor	
Department of Agricultural Engineering	
New Mexico State University . . . . .	32
Water Resources of the Rio Grande - An	
Interdisciplinary Approach	
Robert R. Lansford, Professor	
Department of Agricultural Economics	
New Mexico State University . . . . .	59
Session Two: Current Activities . . . . .	64
Moderator: Garrey Carruthers	
New Mexico State University	

Table of Contents (continued)	Page
Saline Water Utilization - An International Perspective George O'Connor, Associate Professor Department of Agronomy New Mexico State University . . . . .	68
Results of Computer Modeling of Groundwater Flow - The Calcium Carbonate Aquifer of the Central Roswell Basin Kenneth R. Rehfeldt, Graduate Student New Mexico Institute of Mining and Technology . . . . .	78
Water Conservation Through Plant Breeding - Alfalfa Marvin Wilson and Bill Melton, Professors Department of Agronomy New Mexico State University . . . . .	105
U.S. Geological Survey: Update on Current Activities James F. Daniel, District Chief U.S. Geological Survey . . . . .	109
Water and Power Resources Service: Update on Current and Proposed Activities Warren Weber Water and Power Resources Service . . . . .	117
The Six-State High Plains-Ogallala Aquifer Area Study: 1979-1982 Joe B. Harris, Resource Economist High Plains Associates . . . . .	123
160-Acre Limitation: Current Status Frank DuBois, Agricultural Program Specialist New Mexico Department of Agriculture . . . . .	134
Banquet Address - Sweeping Sand in the Desert . . . . .	142
Pat O'Meara, Executive Vice President National Water Resources Association	
Session Three: What Does the Future Hold? . . . . .	156
Moderator: Lucy Fox New Mexico Energy and Minerals Department	
The Impact of Energy Development on Water Resources Larry Kehoe, Secretary New Mexico Energy and Minerals Department . . . . .	160
Mine Dewatering Michael B. Campbell Campbell and Black, P.A. . . . .	175

Table of Contents (continued)	Page
Federal Water Legislation Harold H. Brayman U.S. Senate Environment and Public Works Committee . . .	181
The Impact of Desalting on Water Supply - Alamogordo, New Mexico Don Des Jardin Gordon Herkenhoff and Associates . . . . .	192
The Future of Water Quality Peter Krenkel, Director Nevada Water Resources Center . . . . .	196
Future Roles for the Corps of Engineers Colonel Bernard J. Roth, District Engineer Albuquerque District U.S. Army Corps of Engineers . . . . .	197
The Future of Agricultural Water Use in New Mexico George Dawson, Head Department of Agricultural Economics and Agricultural Business New Mexico State University . . . . .	203
