**TABLE OF CONTENTS**

<b>Conference Advisory Committee</b> .....	I
<b>Conference Program</b> .....	II
<b>New Mexico’s Statewide Water Assessment: Data Collection and Delivery to Meet Stakeholder Needs</b> Sam Fernald, NM Water Resources Research Institute Director .....	1
<b>Water Update by the New Mexico State Engineer</b> Scott Verhines, New Mexico State Engineer .....	7
<b>Stakeholder Panel: Large-Scale Water Users (Moderated by Sam Fernald)</b>	
Irrigated Agriculture	
Bill Netherlin, Pecos Valley Artesian Conservancy District .....	11
Urban	
John Stomp, Albuquerque Bernalillo County Water Utility Authority.....	13
Large Utility	
Andrew Erdmann, City of Santa Fe .....	20
Manufacturing, Commercial and Industrial	
Dale Dekker, Dekker, Perich, Sabatini Architects Engineers and Planners.....	23
Regional Water Planning/Economic Development	
Raymond Mondragon, Eastern Plains Council of Governments .....	27
<b>Statewide Water Assessment Researcher Panel (Moderated by Bruce Thomson)</b>	
A Dynamic Statewide Water Budget for New Mexico by River Basin	
Jesse Roach, Tetra Tech, Inc. ....	31
Assessment of Spatiotemporal Groundwater Level Changes Throughout New Mexico	
KC Carroll, New Mexico State University.....	34
Surface-Water Inflow, Outflow, Gains, and Losses in New Mexico	
Mark Gunn, USGS, New Mexico Water Science Center .....	37
Comparison of Operational Precipitation and Evapotranspiration Products for the Statewide Water Assessment	
Tom Schmutge, NM Water Resources Research Institute .....	39
Recharge Data Compilation and Recharge Area Identification for the State of New Mexico	
Fred Phillips, NM Tech.....	42
<b>How Agencies in NM Will Contribute to the Statewide Water Assessment (Moderated by Bruce Thomson)</b>	
Office of the State Engineer	
Michael Johnson, Office of the State Engineer .....	45
Reclamation Programs that Support Assessment of the New Mexico Water Budget	
Dagmar Llewellyn, Bureau of Reclamation .....	49
Army Corps of Engineers	
Ryan Gronewold, U.S. Army Corps of Engineers .....	53
New Mexico Environment Department	
James Hogan, New Mexico Environmental Department .....	55
<b>2014 Albert E. Utton Memorial Water Lecture</b>	
<b>A Hydrogeologic Perspective on Groundwater Conservation in the Northern Rio Grande Basin,     New Mexico, Texas, and Chihuahua</b>	
John W. Hawley, Emeritus Senior Environmental Geologist .....	59

<b>Community Stakeholder Panel: Inputs to New Mexico’s Water System and Stakeholder Needs from a Statewide Water Assessment</b>	
Alamogordo	
Eddie Livingston, Livingston and Associates .....	85
City of Las Vegas	
Ken Garcia, Utilities .....	89
Assessing Environmental and Nature Tourism Water Needs	
Steve Harris, Rio Grande Restoration .....	97
Oil and Gas	
Steve Henke, New Mexico Oil and Gas Association .....	100
Alcalde Acequia Commission	
Lucia Sanchez, Rio Arriba County .....	103
Ranching	
Jose Varela Lopez, New Mexico Cattle Growers’ Association .....	108
<b>Regional Water Budget Model: The Middle Rio Grande</b>	
Bruce Thomson, Retired, The University of New Mexico .....	109
<b>Groundwater Level and Storage Changes - Regions of New Mexico</b>	
Stacy Timmons, NM Bureau of Geology and Mineral Resources, NM Tech .....	117
<b>Water for Ranching, Agriculture, and Communities in New Mexico’s Tribes and Pueblos</b>	
Arthur Allison, New Mexico Secretary of Indian Affairs .....	121
<b>The Role of Water in New Mexico’s Economic Development</b>	
Jon Barela, New Mexico Secretary for Economic Development.....	127
<b>Groundwater Depletion Across the U.S. and How We Measure It</b>	
William Cunningham, Chief, U.S. Geological Survey, Office of Groundwater .....	131
<b>Legislative and Policy Perspective</b>	
Mary Kay Papen, New Mexico Senate President Pro Tempore .....	139
<b>Water: What Can Our Future Hold?</b>	
Heather Balas, New Mexico First .....	141
<b>Identification of Law and Policy Options for Best Water Management Practices</b>	
Adrian Oglesby, Utton Transboundary Resources Center, UNM .....	153
<b>Brackish and Saline Groundwater in New Mexico - - ?</b>	
John Shomaker, Shomaker and Associates, Inc. ....	159
<b>Characterization of Produced Water in New Mexico: the NM WAIDS Database</b>	
Martha Cather, NM Petroleum Recovery Research Center, NM Tech .....	167
<b>New Mexico Universities Working Group on Climate Variability (Moderated by J. Phillip King)</b>	
Groundwater Vulnerability Under Climate Change	
Peggy Johnson, Principal Hydrologist, NM Bureau of Geology and Mineral Resources, NM Tech...	177
New Mexico Universities Working Group on Water Supply Vulnerabilities	
Janie Chermak, Professor and Chair, Department of Economics, UNM	
David Gutzler, Professor, Department of Earth and Planetary Sciences, UNM	
Lee Reynis, Director, Bureau of Bussiness & Economic-Research, UNM .....	181
<b>Poster Abstracts</b> .....	217
<b>Participant List</b> .....	271
