

BIBLIOGRAPHY OF DISSERTATIONS AND THESES ON WATER AND
WATER RELATED TOPICS FROM NEW MEXICO STATE UNIVERSITY
THROUGH DECEMBER 1980

by

Robert G. Myers

U.S. Geological Survey - Water Resources Division

New Mexico Water Resources Research Institute

P.O. Box 3167

New Mexico State University

Las Cruces, New Mexico 88003

and

Karen M. Pinckley

U.S. Geological Survey - Water Resources Division

New Mexico Water Resources Research Institute

| DEPARTMENTAL AUTHOR INDEX | 24 |

INTRODUCTION

This bibliography was compiled from the material available in the New Mexico State University Library, which is the main depository for the University's theses and dissertations. The publication is divided into two parts, the list of references and the departmental author index. The references are arranged by author in the following manner: author, date, title: type, department, pages. The departmental author index lists only authors and dates alphabetically by department.

REFERENCES
