

SIXTEENTH ANNUAL NEW MEXICO WATER CONFERENCE

March 25 - 26, 1971

THEME OF THE CONFERENCE -- WATER - A KEY TO A QUALITY ENVIRONMENT

	Page Number
PROCEEDINGS OF THE ANNUAL NEW MEXICO WATER CONFERENCE 1956-1971 - - - - -	1
PROCLAMATION - - - - -	2
FOREWORD - - - - -	4
RESOLUTION - - - - -	12
PROGRAM - - - - -	13
PAPERS PRESENTED	
<u>Water - A Key to a Quality Environment - New Mexico and the Southwest</u> - - - - -	16
President Gerald W. Thomas New Mexico State University	
<u>Comprehensive Study on the Rio Grande-San Marcial, New Mexico to Fort Quitman, Texas</u> - - - - -	21
Jesse B. Gilmer Rio Grande Compact Commissioner El Paso, Texas	
<u>Elephant Butte Irrigation District Problems and Programs</u> - - -	26
Wayne Cunningham, Manager Elephant Butte District Las Cruces, New Mexico	
<u>Renovating Sewage Effluent for Agriculture and Agricultural Uses</u>	32
Dr. Herman Bouwer, Chief Hydrologic Engineer U. S. Water Conservation Laboratory ARS, Phoenix, Arizona	
<u>Water and New Mexico's Welfare</u> - - - - -	47
Governor Bruce King	
<u>Solutions to Water Problems - The Time is Now</u> - - - - -	52
Allen Agnew, Chairman Water Committee of National Association of State Universities and Land Grant Colleges and Director, Washington State Water Research Institute	

	Page Number
<u>University Students speak on Water in a Quality Environment</u> - -	64
<p style="margin-left: 40px;">Chairman - Rick Thomas, President NMSU Student Body</p>	
<u>Systems Analysis in Natural Resources Management</u> - - - - -	66
<p style="margin-left: 40px;">E. T. Bartlett University of Arizona</p>	
<u>Arizona's Groundwater Problem and Proposed Legislation</u> - - - -	72
<p style="margin-left: 40px;">Dean Eldon Peterson and Larry Deason University of Arizona</p>	
<u>Importance of the Irrigation of Corn (Zea mays, L.) During its Maximum Rate of Transpiration Period</u> - - - - -	90
<p style="margin-left: 40px;">Jose Macias Quintana and Jaime Leal Diaz Instituto Tecnologico Y De Estudios Superiores De Monterrey</p>	
<u>Antitranspirants: A Possible Alternative to Saltcedar Eradication</u>	101
<p style="margin-left: 40px;">Robert S. Cunningham University of Arizona</p>	
<u>Sediment: The Critical Aspect of Future Water Quality in the Aspen Colorado Region</u> - - - - -	108
<p style="margin-left: 40px;">David Mann University of Colorado</p>	
<u>The Potential Contamination of Surface Waters by Herbicides</u> - -	120
<p style="margin-left: 40px;">Robert Wocknitz Utah State University</p>	
<u>Monthly Consumption Irrigation Requirements as a Guide to Efficient Management</u> - - - - -	128
<p style="margin-left: 40px;">Bobby J. Creel New Mexico State University</p>	
<u>Summary Comments</u> - - - - -	136
<p style="margin-left: 40px;">Ralph Fegley, President Student Engineering Council, NMSU</p>	
<u>Impact of Water Development for the Navajos</u> - - - - -	138
<p style="margin-left: 40px;">William D. Gorman, Associate Professor Agricultural Economics, NMSU</p>	

	Page Number
<u>Middle Rio Grande USDA-State Study - Identifies Opportunities for an Improved Environment - - - - -</u>	147
Ralph Bell, Party Leader River Basin Watershed Planning, SCS Albuquerque, New Mexico	
<u>Water Import to West Texas and New Mexico - - - - -</u>	167
Bill Clayton, Executive Director Water Inc. Lubbock, Texas	
<u>Historical Approach to Water Law - Its Value and Its Problems -</u>	173
Ira G. Clark, Professor of History New Mexico State University	
<u>Cochiti Dam - Its Role in Water Resource Development - - - - -</u>	180
Col. Richard L. West Corps of Army Engineers Albuquerque, New Mexico
